

Block 2 - Heart

The February block is a heart. This is a block that would be perfect to add a name or date in the center. Practice those embroidery skills and embellish the heart. This block is 13-1/2" x 14-1/2" with sashing added at the bottom.

I chose to use pink and red but the background could be almost any color and changing the heart colors might be interesting.

This block has a lot of triangles and I did a little unsewing before I got all the corners matched up.

Block 2 - Finished
