

## Collage Techniques

Morning to All my wonderful students!

### Class Information

**Where:** The Christian Church of Mountain Home - 1365 Eastside Center Court (behind Chen's Restaurant)

**When:** The church will be open at 8:30 (Thank you Rosita) and the class will start at 9:00.

**What to bring:** NO SEWING MACHINES

1. Red fabric cut into 6"X4" rectangles. You will need light, medium, and dark fabrics. 12 different reds should be enough. We will hopefully share with others in the class.
2. Sharp scissors
3. Clover mini iron. I have one to share if you do not have one.
4. Pressing/fusing mats. I have some to share
5. Parchment paper - I have some to share
6. Sharpie - black - fine point
7. A sense of fun!

**What I will bring:**

1. Irons
2. Ironing boards
3. Patterns
4. Steam a seam 2 lite - 1 yard
5. Light box
6. Tape
7. Samples

**What are we doing?**

We will look at the following types of Collage techniques:

1. Laura Heine - Fiberworks
2. Emily Taylor - The Collage Quilter
3. Grace J. Errea - Amazing Quilts by Grace

We will use a small pattern by Emily Taylor- a red christmas ornament. The pattern is from her 12 Days of Christmas quilt. The ornament is on the bottom right of the quilt.

<https://collagequilter.com/products/12-days-of-christmas>

Some of you have picked up your pattern and steam a seam 2 lite and prepared your fabric. If you have not picked up your supplies from me no problem. I will have them with me.

Here is a picture of how we will prepare our fabric. I have lots of extra fabric (to share) on my piece of Steam a Seam 2 lite. 4"X6" pieces should be more than enough for the class. Try to keep the fabric close together and use up all the space. The Steam a Seam 2 lite is 12 inches wide. Feel free to cut you fabric differently from the 4"X6" rectangles. Just make sure it fits on the Steam a Seam 2 Lite with few spaces.

Hopefully I have addressed all your questions, but if not, send me an email. Please **respond to all**, others might want to know the answer to your question as well.

Drinks and snacks/lunch are allowed.

Drinks need to have a **tightly fitted top**. This will help to keep any accidental spills contained.

**We need to clean-up after the class.**

Stay Safe, See you at the class, Ann
