Home Decor and 3-D Objects – Functional or decorative quilted objects. Examples: table runners, placemats (must submit at least two), Christmas tree skirts or stockings, door hangings, boxes and furniture.

Modern Quilt – Quilts that are inspired by modern design. Minimalism, asymmetry, expansive negative space, alternate grid work, improvisational piecing, bold colors, and solid fabrics are often part of modern quilts.

Perimeter – The outside measurement of your quilt. Length + length + width + width = perimeter

Quilt – Hill 'N Hollow Quilters Guild defines a quilt as three layers consisting of two layers of fabric and a filler held together with quilting stitches. The exception is a crazy quilt, which may consist of only two layers and may be tied.
